

GROWING WITH GOD

Dear Preschool Families,

As so much of our school year has seen change, so will our Preschool Sunday celebration. Let me share with you how we are moving forward with our Preschool celebration on Sunday, February 21st and the week following.

Our 3K, 4K, and 5K classes are learning songs under the direction of Anna Derr, our Chapel Music Teacher and mom of Bennett. Those songs will be video taped and shown during the 11:00 service on February 21. We are not requesting our families to attend the service in person; however, you are more than welcome to come. The service will be streamed through our church's website and I encourage you to watch with your children.

Our Kindergartners are going to have their play "The Very Hungry Caterpillar" taped and available to be seen on our church's website as well.

We are also going to have an Online Ebay auction available from Sunday, February 21 to Sunday, February 28. This is a new and exciting venture. Hallie Reynolds, Preschool Board member and mom of Henry, has been hard at work researching this endeavor. Each of our classes will be putting together a Theme Basket (with the help of their parents), along with items donated by area businesses and collected by our board members. You will receive more information about this activity later.

So, although we may not gather for the church service, share a meal on that Sunday or have a Scholastic Book fair, we are finding other ways to honor our Program, Preschool families and staff.

We hope you will participate in these fun events with us!

Blessings to all,
Mary
